Subject-Correct marks of 3rd semester Reflecting as zero on marksheet due to change of registration No.

Sir,

   Most humbly and respectfully, I would like to mention the following;

1. Admitted in CSE Branch in 1st year in 2020-21 Session.

2. 2nd year Branch changed from CSE to ME and New Registration No. 202920670035 alloted by GUG only for 3rd Semester

3. Registration till 2nd Semester was 202920690039 and result got published correctly. However for 3rd semester result published with zero marks due to miss matching of Registration No.

4. After the publishing of 3rd semester result it is showing zero in every subject. Below are details in

   Tabularform

Semester	Branch	Registration No.	Result
1st	CSE	202920690039	OK
2nd	CSE	202920690039	OK
3rd	**ME**	**202920670035**	**NOT OK (Zero in each subject due to change in Reg.No.)**
4th	ME	202920690039	Result Awaited.

Now I would like to request to please declare my 3rd semester (ME) result on my original/previous reg.no. 202920690039. I have been facing lot of problems because of change of my reg.no made by GUG.

                It is therefore requested to please formed my application to GUG for further necessary mention.

Your faithfully

SADIQUE RAHMAN S/O SAHAB ALAM
